BIORESONANCE IS WAITING FOR YOU!
November 17 and 18, 2022

On the French Riviera, in Nice, in a pleasant location
LIVE or on ZOOM app

Sport, health, well-being, beauty, artificial intelligence:
complementary themes

This Congress presents the **IMPACT of Bioresonance and Biofeedback on the human BODY and MENTAL**. The principal thematics are: pain, traumas and mental.

2 days to learn how to harmonise the emotional, maintain your body in good health, control pain, balance your nutrient needs, stimulate your muscles, improve your posture, oxygenate your cells...

In short, everything that brings you physical and emotional comfort.

A "SPECIAL SPORT" focus will also help us understand that LIFE is an essential ally for sportsmen and women. Sport is a wonderful laboratory where L.I.F.E.-System expresses 100% of its potential: from preparation, to competition, to recovery. A win/win partnership between the athlete and the scanner.

2 days to learn how to better use, control and optimise your L.I.F.E.-System.

Come and listen to the **EXPERTISE** of our various speakers. Come and share this extraordinary experience with us.

The opportunity to meet again!

KNOWLEDGE SHARING - Global knowledge

Conferences - Round tables led by professional journalists where each speaker, guest and consultant share their experience and expertise - Bioresonance discovery room

Program

The program is based on the use and applications of the L.I.F.E.-System to improve your performance and activity.

- A better posture for a better performance
- Pain management
- Sport & Artificial Intelligence Neuroscience: mental focus makes all the difference
- Sport & Positive Mindset: the extraordinary power of positive mindset in human beings
- How does Bioresonance affect beauty?
- Performance and Nutrition
- The place of natural medicines today
